

Separation Anxiety Questionnaire

Patient Information Label

Tech: _____

Doctor: _____

1. How old was your dog when you acquired him/her?

2. Was your puppy an orphan or hand raised?

3. Was your dog acquired from a shelter, pound, or pet shop?

4. Has your dog had multiple owners during his/her life?

5. Does your dog follow you around the house?

6. Does your dog become anxious/agitated at the sound of car keys or when you prepare (putting shoes/coat on, picking up purse, etc.) to go out?

7. Does your dog exhibit other problem behaviors when you prepare to leave?

8. Does your dog bark or whine excessively within 30 minutes of your departure?

9. After you leave does your dog act depressed?

10. After you leave does your dog have a loss of appetite?

11. Does your dog destroy property only when you are away?

12. Does your dog urinate or defecate in your home only when you are away?

13. Does your dog regularly have diarrhea or vomiting when you are away?

14. Does your dog lick itself excessively (often causing trauma to the skin) when you are away?

15. Does your dog exhibit an excessive greeting (more than 1-2 minutes) upon your return? (barking, hyperactivity, jumping)

16. Does your dog try to destroy or escape from crate when confined in your absence?

17. Do others ever complain about your dog's behavior when you are not around?

18. Does your dog ever try to snap or bite people?

19. Does your dog ever act confused or disoriented?

20. Does your dog ever seem "hyper" or simply "out of control?"

21. Does your dog constantly beg for your attention?

22. Are there any other behavioral issues you are having with your dog that were not listed here? If yes, explain. _____
